

DISTRICT NO. 19

**VENTURA COUNTY WATERWORKS DISTRICT (DISTRICT)
CONSTRUCTION WATER HYDRANT METER**

RULES 2-B-5

Construction Water Service (Metered):

The District may require that all water used in construction be meters, in which event, the District will furnish, install and remove the meter, valve, and fittings to be located at a fire hydrant or other convenient point to the system.

If the Ventura County Fire Protection District requests the fire hydrant openings be unobstructed at all times, a charge of \$100.00 shall be paid for the installation and removal of a tee and extra valve.

The applicant shall be responsible for the loss or damage to the meter or other equipment used.

The fire hydrant meter requires a Trust Deposit of \$650.00 plus a \$45.00 installation fee payable in advance, unless waived by the Manager. ***The service charge for metered construction accounts shall be 1½ times the service charge for Municipal and Industrial customers.*** The commodity rate shall be 1½ times the Tier 1 domestic commodity charge unless alternate rates or arrangements have been approved by the Manager.

I, _____, do affirm that I have read the information contained herein and agree to abide by the Ventura County Waterworks District Rules and Regulations regarding the monthly service charge of \$ 191.28 together with any charges incurred for water usage.* (For partial billing periods, the service charge will be prorated based on the actual number of days of service) *\$ 5.57 /Hundred Cubic Feet (1 HCF = 748 Gallons)
